

# Ali Sharjeel

Web Developer

## Profile

Highly motivated Web Developer starting in front-end development. Know a little JavaScript, user interface/user experience design and programming languages. Successfully completed web development projects during my 1st semester of education like a website clone and calculators. Seeking a position as a Web Developer to utilize my skills and contribute to the success of a dynamic organization. Committed to continuous learning and staying updated with the latest industry trends. My future goals include further enhancing my skills and expertise in web development and making a significant impact in the field.

## Employment History

### Codsoft Web Development Internship at Codsoft

January 2024 — February 2024

As a Codsoft Web Development Intern, I had the opportunity to gain practical experience in web development. During my internship, I contributed to various projects and collaborated with a team of developers to create and maintain websites. I utilized my skills in HTML, CSS, and JavaScript to implement features and ensure a seamless user experience.

- Gained practical experience in web development through the Codsoft Web Development Internship.
- Utilized skills in HTML, CSS, and JavaScript to implement features and ensure a seamless user experience.
